About Me.

I am a mum of 5 children and I qualified Social Worker in 1994. I have worked for Derbyshire County Council as a Social Worker for 11 years and I am a School Governor with a Safeguarding role at a local primary school. I have been involved with New Mills Golf Club and the junior's for several years and I am hoping that one day I may get the time to play golf regularly myself!

Feel free to contact me on the contact details above about all things relating to the welfare and wellbeing of the Junior members.
